ANIMAGUS ROY

DJ / PRODUCER

BIOGRAPHY

Anirudhya Roy, a 25 years old Indian, known professionally as Animagus Roy, is an electronic music producer, composer & a DJ from the city of Kolkata. He started making music with FL Studio in his bedroom from 2017, inspiring from world famous dutch DJ / Producer Martin Garrix. He started his YouTube channel in 2020, and distributed his tracks to all music streaming platforms of the world in 2021. He has built a significant following since then, having nearly a million views on YouTube, and thousands of streams on platforms like Spotify and Shazam. He is known for his energetic live performances and his dedication to create music that makes people happy

Roy has a background in Engineering, but his true passion lies in music production and performing live. He graduated in 2023, and shifted his goal to become a mainstream DJ / Producer. Despite the challenges and opposition he faced in the early days, Roy pursued his passion for music creating tracks with a unique style that resonates with his audience.

Animagus Roy is a DJ and EDM producer known for blending various electronic music styles. His work often incorporates elements of house, techno, trance, and experimental soundscapes. He has gained recognition in the EDM community for his high-energy performances and unique sound design, appealing to fans of both mainstream and underground electronic music scenes. Animagus Roy's music style is a fusion of different electronic genres, giving him a distinctive and versatile sound. Here's a breakdown of some key elements of his style...1. House and Techno Beats 2. Melodic Layers 3. Trance Elements 4. Experimental Sound Design 5. Energy in Live Performances
